

Testimonials

"I have a son that is 7 with C.P. (cerebral palsy). I heard about FODAC through his therapist. We were so blessed to hear that we could get a chair for him. (If) we hadn't heard about FODAC, **we wouldn't have been able to afford to get him one.**"

Brittany, mother of Brett

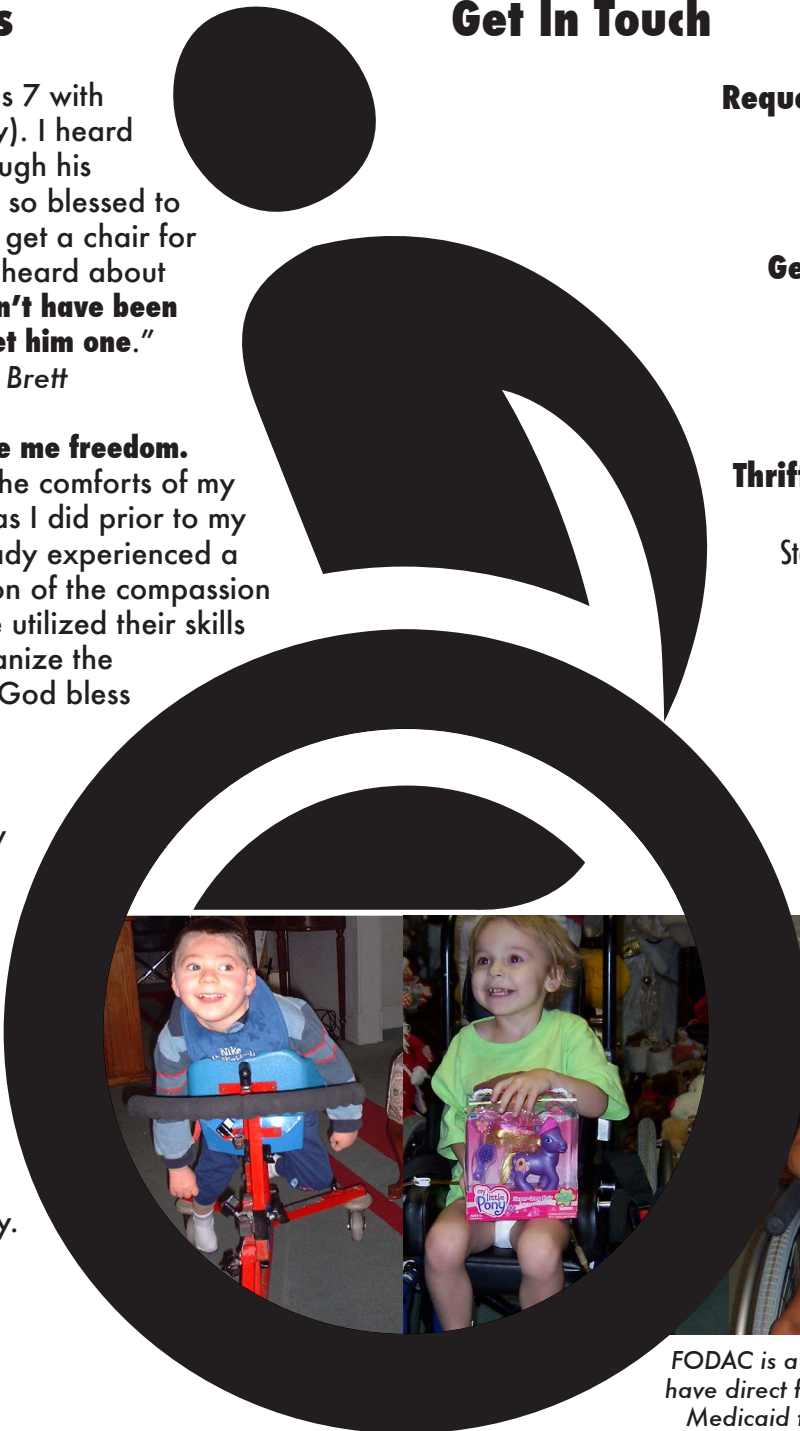

"This ramp will give me freedom.

Freedom to enjoy the comforts of my home of 20 years as I did prior to my stroke. I have already experienced a greater appreciation of the compassion of others who have utilized their skills and energy to organize the efforts of FODAC. God bless you all."

Evelyn

"(The lift) will allow my husband and me to be able to take our children to the zoo, museums, and be able to take trips out of town. It will allow us to get him back and forth to doctor's appointments safely. **It will give us our lives back.**"

About FODAC

Friends of Disabled Adults and Children provides over \$9 million each year in equipment and services to the community at little or no cost to the recipients.

FODAC's history of faith-based values inspires us to enhance the quality of life for people of all ages who have any type of illness or physical disability.

All parts and equipment we re-issue are donated to us and most refurbishing is done by our many volunteers.

From our 65,000 square foot facility in Stone Mountain, we have provided over 25,000 wheelchairs. The retail value of all medical equipment that has been given away now totals over \$60 million.
